

Guinot

Guinot cultivates and vinifies traditionally in its own vineyards and cellars in Limoux. Thanks to its « Terroirs 1er Crus », its demand and experience as the « oldest Blanquette – Cremant producer in Limoux » its production is known as the reference. After it obtained a golden medal at the Universal Exhibition, this high quality production was appreciated by Tzar Nicolas 2nd. Today, this tradition and this quality still remain the same in our Cuvées and Millésimes.
